

CAMPUS AIR Chair / Armchair
Design: Johannes Foersom & Peter Hiort-Lorenzen, 2010

LAMMHULTS

A NEW WORLD OF APPLICATIONS FOR CAMPUS

With Campus Air, Lammhults and the Danish designers Johannes Foersom and Peter Hiort-Lorenzen moved Campus forward with a new seat and back of fiberglass-reinforced polyamide plastic. With an optional weather-resistant frame, Campus Air can be used outdoors. The durable solid polyamide surface resists scratching and is easy to clean.

Campus Air has a seat and back of fiberglass-reinforced polyamide plastic. Available in four-leg or sled base versions, Campus Air passes California TB 133 flammability tests, and is 100% recyclable. With its optional weather-resistant frame, Campus Air can even be used outdoors. Campus Air stacks and links and can be easily managed with the Campus trolley.
