EXTREMA - CAT. D

Extrema AU Especially conceived for upholstery industry, Extrema AU is a coated fabric created by using innovative and high-resistance components, without using phthalates and presented in 48 modern-toned colours. The soft surface, warm to the touch with a matt leather-effect, has been created with modern multi-layer coating techniques on a dyed fabric base, making Extrema AU one of a kind in its class. Laboratory tests carried out on Extrema AU show its exceptional durability that comes from the use of innovative high-resistance polymers and flame retardant polyurethanes.

Area of use: Contract

Weight: 480 g/m²

Width: 140 cm

Composition: 63% PU - 29% COT - 8% PES

Abrasion resistance: 150.000 Cycles

Fastness to light: 5/6 (blue scale)

Fastness to rubbing: 4/5 (grey scale)
